

SEAWAY CRUISERS CLASSIC CAR CLUB

Newsletter - Number 2

March, 1989

Well, it's almost time for the salt to be off the roads, so all of us can start driving our "good" cars! Spring is just around the corner, and I think we are all getting a little itchy to get going with some group outings.

There was a nice turn out at the February meeting at Burger King, and we have 3 new members, Rick Mosier, Marshall Tiernan, and Gerald Jenkins. This gives us a total membership of 43. Not bad for our first year! There were a few members with want ads, items for sale, and business cards, which follow. We are in the process of getting the membership cards done, and hope to have them for the meeting this month.

COMING EVENTS:

March 22, 1989 Meeting at 7:00 at the Edwin L. Dobisky Community Center, by the Greenbelt, Ogdensburg, NY

April 20th to 23rd: Spring Carlisle, PA swapmeet

April 21st to 23rd: Watertown Custom Auto Spectacular, Fairgrounds, Watertown, NY.

Anyone interested in going to the Watertown Show on April 21st to 23rd as a group, be sure to mention it at our next meeting. Anyone who has not handed their questionnaire in, please do so ASAP. If you know of upcoming shows, or have any ideas, feel free to mention it at the next meeting. Any questions, call Robin Ramm at 393-2468 evenings. Hopefully for the April meeting the weather will co-operate and we can bring our cars. See you on March 22nd, and make sure to bring your ideas, want ads, dues, questionnaires, business cards, and anything else of interest. Below is a little test of your knowledge, have fun!

One thing about my Uncle Jack: he sure knows how to weld! Why, just the other day the chief mechanic at Ace Auto Wreckers invited me over to see his latest creation. When I mentioned to him how crazy it looked, Jack said, "That's because it was built for a busy person, Dale E. News, the crackerjack roving reporter for our local paper and better known as "Scoop." Well, this crazy concoction ought to suit old "Scoop" to a T. But before it leaves the garage, can you name the 22 different makes and models my ever-inventive uncle pirated to put it together? C'mon, try it!
