## Hartman's New Garage

Sally and I want thank all the "Cruiser's" who stopped by when we were rebuilding the garage with the Amish help. Special thanks to George & Linda Brown, Frank & Terry Howie, Dean Marshall. John Miller III, Mike Marshall, Bob O'Mara, and Dave Kingsley & Rusty Bissell and "the boys from the Cornerstone Church". Much Appreciated!

— Kyle

## My Classic Vehicle

By Will Salisbury

I own a '59 MGA. I have owned it seven or eight years. How I got it was I saw it at 'Artisan Works' in Rochester and traded 35 pieces of my sculpture for it. What is noteworthy about it—A body with B engine now black, original color red.

By Michael Stoner

I own a 2003 Corvette. I have owned it since 2012. How I got it was saw it on Ebay. What is noteworthy about it is there is a beautiful painting of a pirate under inside motor head, it's called the "Gray Pirate", professionally done. It's beautiful.

*We had a great turnout of our Seaway Cruiser Club Sunday the 14th of Sept. At Fobare's Fruits. It was a great day. Thanks to all that came*

### *Fall Mystery Cruise*

*Sunday, October 12<sup>th</sup> – 1:00 PM*

Thanks to Ron and Sheila Day, the Fall Mystery Cruise is back.

The Mystery Cruise goes back to the early years of the Seaway Cruisers Car Club.

Let me tell you about the Mystery Cruise: Ron and Sheila have made a 2 ½ page of directions with mileage and questions to answer along the cruise. You need a car with a trip odometer you can reset, a driver and co-pilot and a full tank of gas. The Cruise is 85 miles into the Adirondacks to a mystery town. (The town's name ends with \_\_\_\_\_ Lake, so it's not Lake Placid.)

We'll start from the Canton Burger King parking lot and head north on Route 11 towards Potsdam. As you drive, you co-pilot will read the directions and fill in missing words and tell you when to turn at certain miles. At mile 42 we'll stop at a parking area to allow everyone to catch up and stretch.

Ron and Sheila have spent a lot of time to make this a fun event for us, so I hope we get a good turn-out for the cruise.

You can drive your old car (if your trip odometer works) or your regular car. If you are a newer member and have never been on a mystery cruise, don't worry, it's not too hard. For use older Cruisers, I think it's been about ten years since our last Mystery Cruise. We have had a Fall Cruise in the past few years, but not the classic Mystery Cruise.

Did you miss last year's Leaf Peeping Cruise to Star Lake? Linda Hurteau set that up for us, and we all had a great cruise. (By the way, Star Lake is not the mystery town this year.)

I hope to see you on Sunday, October 12<sup>th</sup> at 1:00 PM at the Canton Burger King parking lot for the Fall Mystery Cruise.

Till we cruise again,

John Miller III

Did you know ...

Fiat  
is an acronym  
for  
Fabrica Italiana Automili Torino

*Seaway Cruisers had a good showing at the Clayton Street Meet — and a good time!!*

# Stanley Steamer 1910 Barn Find

Story from *Classic Car Picker*, found at [http://classiccarpicker.com/car\\_find\\_stories](http://classiccarpicker.com/car_find_stories)

While looking at another pre-war car this car was found in a barn in Mass. The story is that a local family who loved cars since they were introduced locally in the early 1900's collected them as they could and stored them on their farm. As the war came and metal drives were initiated they began disassembling their cars and hiding them in pieces in barns, sheds, and buried things as well. As the barns are starting to fall down due to heavy snows the owner has begun to pull out and let some of the cars go. This car was sent to a friend to try to get it started again- not for restoration. The car was not for sale but was great to see such a preserved piece of history. The person who was storing this car for the owner was able to purchase a 1904 Grout automobile from this owner which was manufactured in Orange Ma. The drive unit, wooden frame and cowl were present however the original owner hasn't been able to remember where he had hidden the boiler and fenders as of yet!

## My First Vehicle and a Tale From The Road

By William Bartlet

My first vehicle was a 1941 Ford 4-door V-8. I bought it from a local dealer, Glen Robinson in Lisbon, for approximately \$200. What became of it? I traded it for a 1940 Olds business coup 6 cyl, paid \$40 difference at JF Sharp, Ogdensburg — borrowed the \$40 from my buddy.

While cutting wood one winter it came time to go home, the gas line was frozen solid so we took turns riding on the fender of the '40 Olds pouring gas in the carb all the way back to Heuvelton and got some dry gas to thaw it out. It was below zero all the way. This was about 1950. We were extremely cold when arriving home.

More fine lookin' cars showing up at Fobare's Fruits for our Cruise-in

Take a ride on Fobare's train around the park to view the apple orchard and pumpkin patch

## Early Bird Membership Form for 2015
